About Us

Eastfield Logistics Services Limited is a dynamic and professionally managed service company dedicated to delivering high-quality industrial cleaning, facility support, and fumigation and pest control solutions to businesses, industries, institutions, and commercial establishments.

Founded on the principles of excellence, integrity, safety, and customer satisfaction, we provide reliable support services that help organizations maintain clean, safe, and productive environments. Our team consists of skilled professionals equipped with modern tools, industry knowledge, and a commitment to delivering outstanding results on every project.

At **Eastfield Logistics Services Limited**, we understand that operational efficiency begins with a well-maintained environment. This understanding drives our mission to provide comprehensive support services tailored to meet the unique needs of each client. Whether it is maintaining industrial facilities, supporting day-to-day operations, or implementing effective pest control solutions, we approach every assignment with professionalism, attention to detail, and a focus on quality.

Today, **Eastfield Logistics Services Limited** stands as a trusted partner for businesses seeking dependable support services, delivering solutions that create cleaner spaces, safer workplaces, and stronger operations.

Excellence

Delivering superior services through quality, innovation and continuous improvement.

Safety

Prioritizing the safety of our people, clients and the environment in all we do.

Value

Providing cost-effective solutions that deliver measurable and lasting value.

Our Mission

To provide high-quality support services that enhance operational efficiency and promote healthier, safer environments.

Our Vision

To be the most trusted provider of integrated support services in our markets

Our Services

Industrial Cleaning Services

At **Eastfield Logistics Services Limited**, we provide comprehensive industrial cleaning solutions designed to maintain safe, hygienic, and productive working environments. Our services are tailored to meet the needs of manufacturing facilities, warehouses, commercial buildings, construction sites, educational institutions, healthcare facilities, and other industrial establishments.

We understand that a clean environment is essential for operational efficiency, employee well-being, and regulatory compliance. Our experienced team utilizes modern equipment, industry-approved cleaning techniques, and environmentally responsible products to deliver exceptional results while minimizing disruption to your operations.

Our Industrial Cleaning Services include:

- Factory & Warehouse Cleaning
- Office & Commercial Cleaning
- Industrial Equipment Cleaning
- Deep & Specialized Cleaning
- Post-Construction Cleaning
- Waste Collection & Disposal
- Sanitation & Hygiene Services

We are committed to delivering reliable, efficient, and cost-effective cleaning solutions that help organizations maintain the highest standards of cleanliness, safety, and professionalism.

Our Services

Fumigation & Pest Control

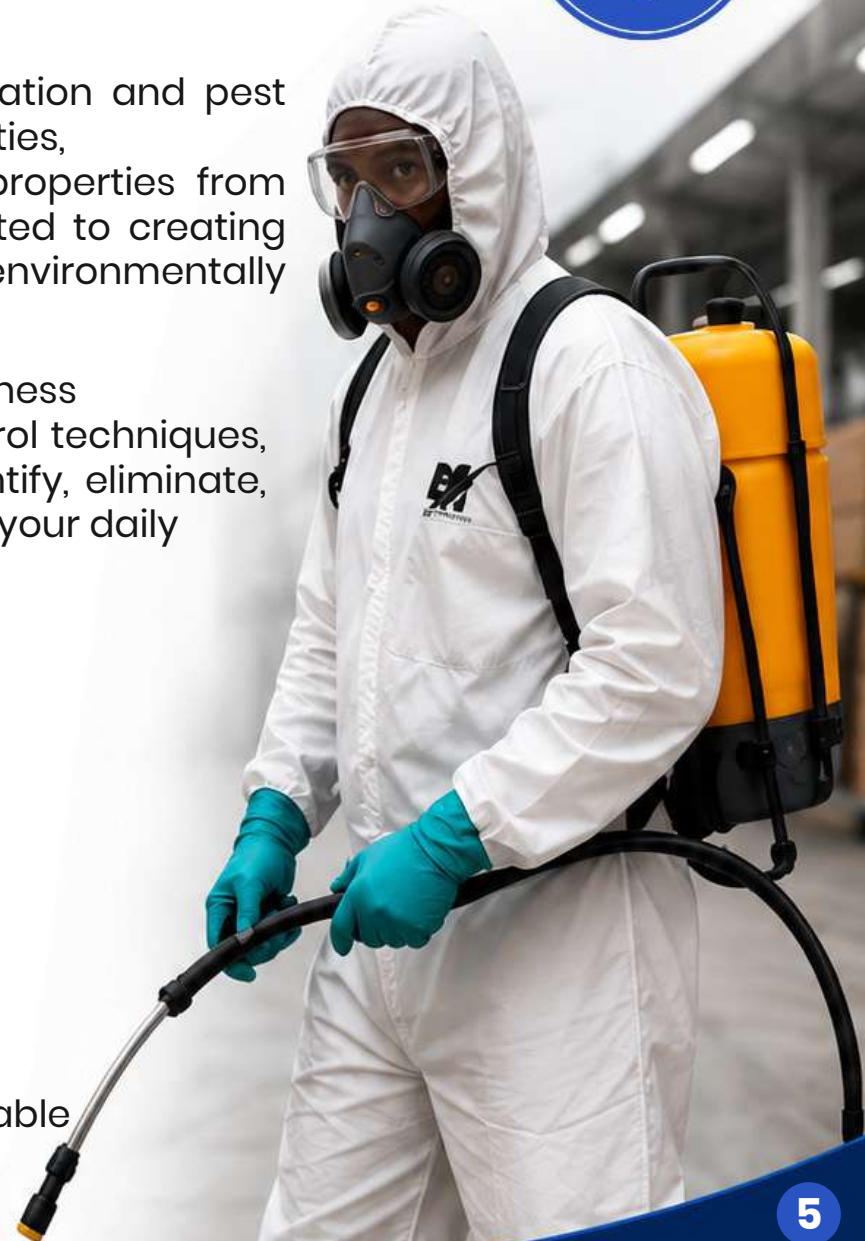

Eastfield Logistics Services Limited provides professional fumigation and pest control services designed to protect homes, offices, industrial facilities, warehouses, schools, healthcare institutions, and commercial properties from harmful pests and disease-carrying organisms. We are committed to creating safe, healthy, and pest-free environments through effective, environmentally responsible, and industry-compliant pest management solutions.

Pests can pose significant risks to health, safety, property, and business operations. Our experienced technicians utilize modern pest control techniques, approved treatment methods, and high-quality products to identify, eliminate, and prevent pest infestations while ensuring minimal disruption to your daily activities.

Our Fumigation & Pest Control Services include:

- Warehouse and Industrial Pest Management
- Residential and Commercial Pest Control
- Disinfection and Sanitization Services
- General Pest Control Services
- Fumigation Services
- Rodent Control Services
- Termite Control Services

Eastfield Logistics Services Limited is your trusted partner for reliable fumigation and pest control solutions.

Our Services

Facility Support Services

Eastfield Logistics Services Limited provides specialized Facility Support Services for construction sites, building projects, real estate developments, and infrastructure facilities. We support construction companies, property developers, contractors, and facility owners by ensuring project sites remain organized, safe, efficient, and operational throughout every phase of development.

Our construction facility support solutions are designed to enhance productivity, maintain site standards, and provide the essential operational assistance required for successful project delivery. With a team of trained personnel and a commitment to safety and quality, we help create environments where construction activities can proceed smoothly and efficiently.

Our Facility Support Services include:

- Site Maintenance and General Support Services
- Material Handling and Logistics Support
- Facility Inspection and Monitoring
- Skilled and Unskilled Manpower Support
- Grounds and External Area Maintenance
- Temporary Facility Management Services
- Health, Safety, and Environmental (HSE) Support

At **Eastfield Logistics Services Limited**, we are committed to providing reliable support services that contribute to safer worksites, improved operational efficiency, and successful project completion.

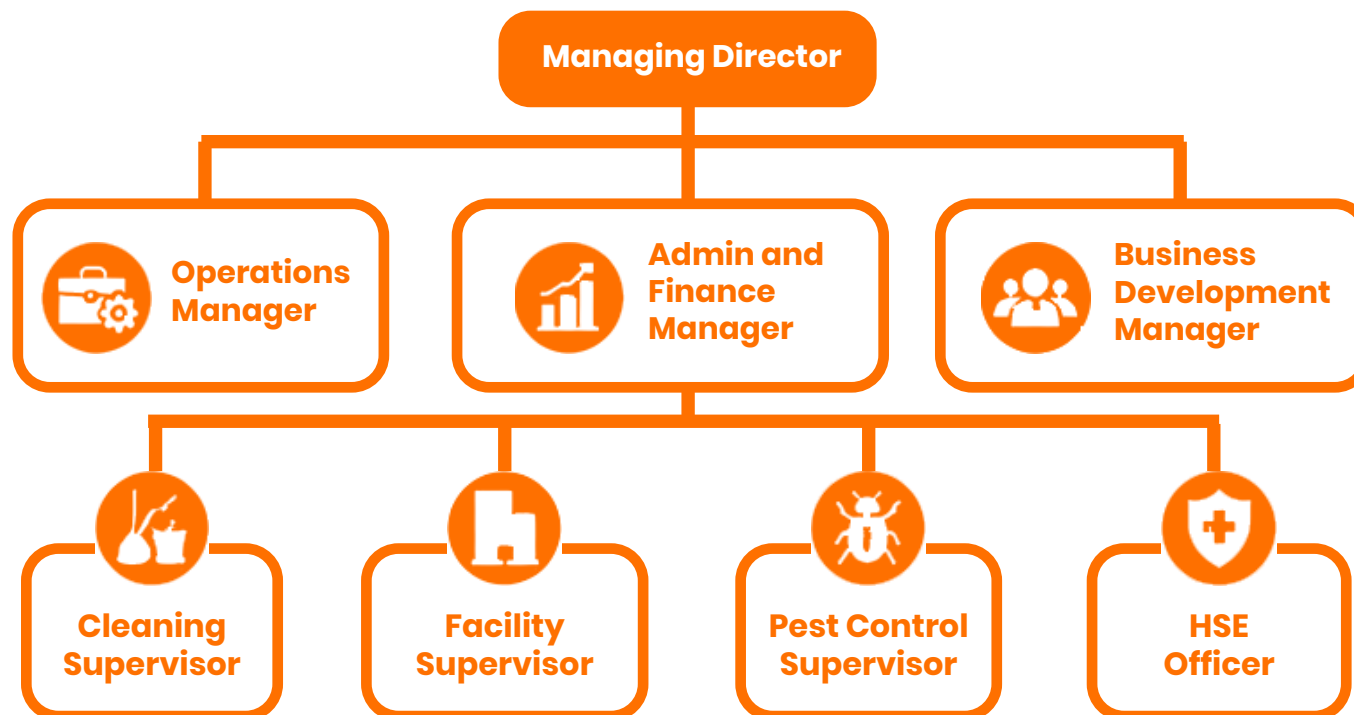

HSE POLICY

Eastfield Logistics Services Limited is committed to conducting all business operations in a manner that protects the health and safety of its employees, contractors, clients, visitors, and the general public, while ensuring minimal negative impact on the environment.

We recognize that effective Health, Safety, and Environmental (HSE) management is essential to the success of our logistics and support services operations, including transportation, warehousing, fumigation, pest control, and facility support services.

Our goal is to achieve zero incidents, zero injuries, and zero environmental harm through continuous improvement and strict compliance with applicable laws and industry standards.
